

Creating an Account in EasyBib

<http://www.easybib.com>

Go to easybib for the first time from a school computer. Creating your account at CPP enables you to sign up for premium features. Click the “Register” link.

Fill out the registration information.

Pick an email and a password that you will remember.

When you're ready, click the blue "Register" button

A registration form titled "Or register directly with EasyBib:". It contains several input fields: "First name:" with "WH", "Last name:" with "Student", "Email address: *" with "identsample@gmail.com", "Password: *" with "*****", "Confirm password: *" with "*****", and "Coupon code: (optional)". At the bottom right, there is a blue "Register" button circled in red. An arrow points from the text above to this button.

You have an EasyBib account!

Click the green "New Project" button to start creating your first Works Cited page.
