1. As soon as you log in to Glogster, click the green "Create New Glog" button at the top of your screen to make a Glog.

2. Choose a template, and then, immediately, click the pink "Save" button at the top right of the Glog. Follow the instructions, save it as "Unfinished," and then click "View This Glog."

3.   Copy the URL at the top of the screen, and paste it into the "URL" box of the Google Form at the bottom of this page.

4. Then, scroll down and find the box with the pink "Rate It!" title. Click the green plus sign next to the caption "Embed into your page." Copy the code by the Blog Size box, and paste it into the Embed code box in the form below.
